Dated weekly planner

2026

Select a month in the index, then use the index link on a page to return. Save a working copy before writing in a PDF annotation app.

Daily: choose three results, reserve fixed appointments, and leave space between activities. Each date has its own page; the hourly lines are a planning aid, not a demand to fill every hour.

Weekly: Monday to Sunday. Pale dates outside the named year keep the first and last weeks complete. Enter local holidays, school dates and shift changes yourself.

This is an original blank planner, not a printed product or a copy of another author's book. Print selected pages at actual size. For digital writing, use a PDF app with annotation support; this file has no fillable form fields.
